**“The best thing since sliced bread!” Well, the best game about sliced bread...and things have just got even better.**

The aim of Stoopid Sandwich is simple - just build the tallest sandwich you can. Make a slice of bread, watch a filling drop in then shape your next slice to stack safely on top... and repeat until your sandwich towers into the sky.

Mess up and you'll have to watch in horror as your sandwich masterpiece comes crashing down.

With a host of crazy sandwich fillings to contend with and the ability to make any shape of bread you want, Stoopid Sandwich offers addictive, bite-size gaming that's a perfect time filler! (ok, ok, enough with the food puns!!)

Game features...

- ‘Just one more go’ gameplay**
- Unique sketch physics**
- Challenge friends via email**
- Hi-score markers in-game**
